## Love and Logicism

“To avoid a fight with your kids, tell them what you will provide, not what they have to do.”

From “Love and Logicisms: Wise Words About Kids” by Jim Fay and Charles Fay

This technique is called Using Enforceable Statements... “Kids who brush teeth get dessert,” “I keep the toys I pick up,” “You may have it if you can pay for it when we leave the store,” “I will listen when your voice sounds like mine.”
